

## Letter of Recommendation for Kelbie Home Improvement, Inc.

To Whom It May Concern

I am writing this recommendation of behalf of Kelbie Home Improvement, Inc., specialists in flat roof services. I have known the proprietor Michael Kelbie for 20 years as a flat roof contractor and find him a pleasure to work with. His company replaced my flat room 20 years ago and I was more than pleased to find that his company is still replacing and repairing roofs as well as other home improvement services in 2018.

Meeting with Michael Kelbie we discussed the scope of work, timeframe, and costs. A contract was presented for the agreed upon work and a deposit on services to be performed was made. His roofing staff arrived in a timely manner and replaced my roof within one week as well as replacing shingles. As the work was completed debris was taken away promptly and the area cleaned. Also included in the contract was drywall and paint the affected areas where water leaking had occurred. The paint contractor arrived timely and did an excellent job and tidy up upon completion.

I am very pleased with all of the work that was done and highly recommend Kelbie Home Improvement, Inc. Michael Kelbie is reliable, reasonable, and gets the job done very well. Finding a good contractor is no easy task and I'm just glad that I had prior experience with Kelbie Home Improvement and could rely on their services.
